

"Getting the job done fast is the result of Penta's experience ."

WIRELESS

Wireless technology is everywhere in our everyday life: cell phones, PDAs, and wireless computer networking. GPS units, garage door openers , wireless computer mice and keyboards, satellite tv, and even cordless phones.

We specialize in the construction and maintaince of all wireless towers and rooftops. We prepare structures for wireless communication, involving hardwired connections. We also perform full-testing and weatherproofing for all cell towers.

**We have proven ourselves
in the Wireless industry.**
